

Room Sharing List

This list is intended to assist ISMP attendees in locating roommates to share hotel rooms. It is the user's responsibility to contact other individuals on the list to determine compatibility for room sharing and to make all necessary arrangements, including hotel reservations.

Email the following information to meetings@informs.org: your full name, organization, gender (male or female) and dates of reservation. Periodically, we will email the list to all individuals who have signed up. It is the user's responsibility to then contact others on the list to determine compatibility for room sharing and make all necessary arrangements, including hotel reservations.

ISMP-MPS-INFORMS is providing this service solely as a service to meeting attendees and is not responsible for information provided. ISMP-MPS-INFORMS disclaims all liability arising out of participants' use of the list, including, but not limited to, theft, injury and room charges/expenses. ISMP-MPS-INFORMS makes no representations regarding the truthfulness of the information appearing on the list or regarding the users of the list.

Please notify us when you have been successful in locating a roommate so we can delete your name. Your name will appear on the list until you have notified us, and you may continue to receive inquiries from others on the list.
